MEGAN R. GEORGE is an associate in the Firm's national Health Care Practice Group. She represents a range of health care clients, including hospitals and health systems (non-profit and for-profit), academic medical centers, physician groups, ambulatory surgery centers, home health agencies, laboratories, medical technology companies, telemedicine companies, medical billing companies, skilled nursing facilities, and health care management companies. She has experience in the areas of hospital administration, affiliations, strategic transactions, foundations, joint ventures, physician recruitment matters, numerous types of contractual agreements, health care information technology, clinical trial agreements, host-site facility agreements, group purchasing contracts, equipment leases, commercial property leases, asset purchase agreements, marketing and promotional agreements, and confidentiality agreements. She also has counseled clients on a variety of health care regulatory matters, including Stark, Anti-Kickback, fraud and abuse, HIPAA, licensure and certification issues, and the corporate practice of medicine.

In addition, Megan also has experience in intellectual property and publishing, including production agreements, license and distribution agreements, original content agreements, and general business development.

Prior to joining the firm, Megan was Assistant General Counsel at one of New Jersey's largest health systems, giving her an interesting perspective on providing legal services to health care clients.
